

Steps to Add a New Wiki Page

1. Choose a name for your new page. See [WikiPageNames](#) for naming conventions.
2. Edit an existing page and add a hyperlink to your new page. Save your changes.
3. Follow the link you created to take you to the new page. Trac will display a "describe PageName here" message.
4. Click the "Edit this page" button to edit and add content to your new page. Save your changes.
5. All done. Your new page is published.
